

## FOLDING THE ANF AT A MILITARY FUNERAL

### Step 1

On the command “ANF” by the OC Bearer Party:

All corners of the ANF are held so the flag is taut and flat. Pass the Fly underneath to the Hoist and again hold the four corners.

**Step 2**

Fold the ANF in half again by passing the Fly underneath through to the Hoist. (Ensure the Flag remains taut)

**Step 3**

Corner 1 is folded over to position B.

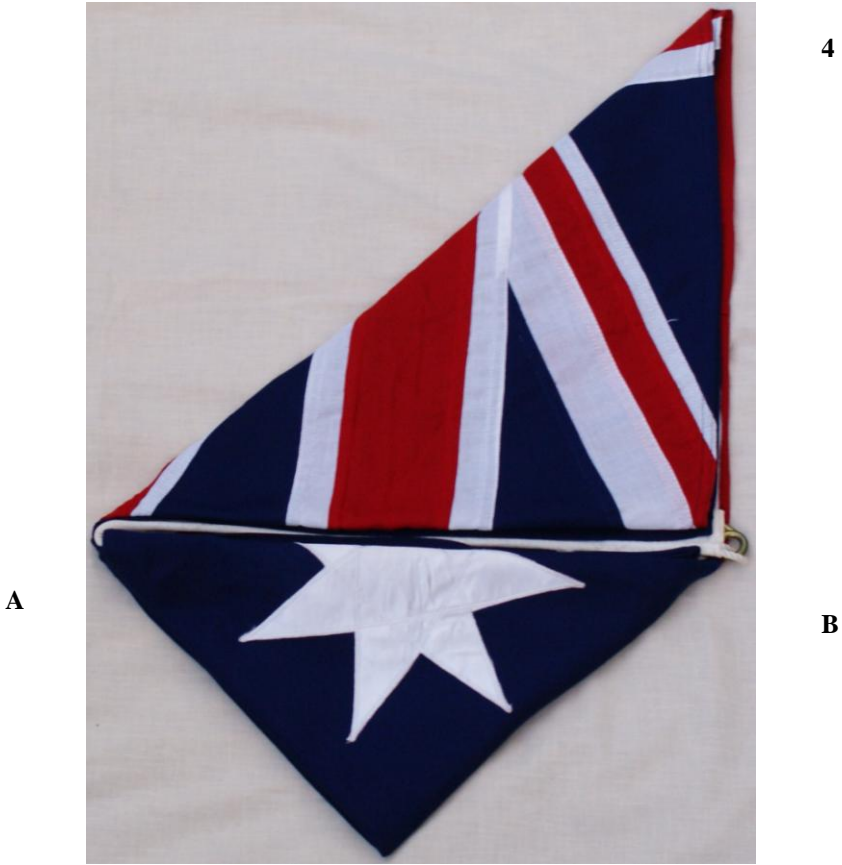

**Step 4**

Corner 2 is folded over to position A.

**Step 5**

Corner 3 is folded over to position B.

**Step 6**

Corner 4 is folded under to position A.

**Step 7**

The ANF is then passed by the number 1 bearer and on to the OC. At a later time, away from the burial site, the ANF is placed in the presentation box with the cardboard insert placed within the folds of the ANF, ready for handing to the Official Mourner.
