

WE FOUGHT FOR YOU - WILL YOU NOW FIGHT FOR US?

On ANZAC Day, as well as remembering those who didn't return home, please spare a thought for those who did.

Along with the physical and mental scars, many of us also suffer the indignity of struggling financially on disability or retirement pensions that have lost real purchasing power.

We served Australia with pride.

Asking for help doesn't come easily for us.

But we need your support NOW to STOP the erosion of our disability and retirement pensions.

Call or write to your Federal MP and Senators and have your say about this disgraceful treatment.

Find out more at www.standto.org and please spread the word to your family and friends.
